From the Director of Public Health, R.No.20698-E(1) dated 6-7-1949.

O R D E R:

The Government have considered the Memorandum dated 2-3-49 by the deputation of Panchayat Board Sanitary Inspectors, Sivaganga, and pass the following orders

Request (1): Restoration of the system which was in existence prior to G.O.158 Public Health dated 17-1-45 and delegation of certain powers to the Sanitary Inspectors.

The Government decline to comply with the request.

Request (2): Withdrawal of powers given to the Executive Officers of instituting proceedings against Sanitary Inspectors.

This request also cannot be complied with.

Request (3): Amendment of the Madras Local Boards Act provide that the Executive Officer should invariably obtain the opinion of the Sanitary Inspector regarding the sanitary condition of a place to be licensed and grant such licence subject to the conditions suggested by the Sanitary Inspector or Health Inspector, if there is no Sanitary Inspector.

The Government consider that an amendment of the Madras Local Board Act is not necessary. The Inspector of Municipal Councils and Local Boards is requested to issue instructions to the Executive authorities of Panchayats to see that, before granting licences they invariably ask Sanitary Inspectors to ~~insepet~~ inspect the places concerned and send a report in the matter.

Request (4): Declaration of Sanitary Inspectors as public servants and insertion of a suitable section in the Public Health Act, 1939:

The Government consider that no further provision is necessary.

Section 207 of the Madras Local Board Act read with Schedule VIII to the Act provides for the prosecution and convict of any person obstructing a local board servant.

Request (5): Suggestion that only two grades should exist and that every Sanitary Inspector should be started on a minimum pay of Rs. 50.

Cont.

The Government decline to comply with this request.
